

Hello All,

Hope this message finds you well. Excitement, anticipation and new protocols for Fall season. Covid has certainly created new obstacles and restrictions. In order for us to be compliant with Health Covid regulations, State and County mandates and Denver Parks, here are our HOME Match Protocols.

Home Matches:

- Do Not have your player play if feeling sick or has a fever
- Only One spectator per player
- Players & Coaches must wear masks to and from the fields and when on the sidelines
- Spectators must wear masks at all times
- All must stand 6ft apart for social distancing and do not congregate in groups
- Do not show earlier or be on the field before your warm-up time
  - Players 11U-19U warm up time is 25 minutes before game
  - Players 9U-10U warm up time is 15 minutes before game
  - Players 6U-8U warm up time is 10 minutes before game
  - G&M (3U-5U) warm ups are included in session- nothing earlier
- No team benches - must be 6ft apart
- Spectators should wait in their car until the start of the game
- Coaches, players and spectators must leave immediately after conclusion of the game
- No handshakes or high fives after games. Waive to each other for good sportsmanship
- Players, Coaches and Spectators from the same club or same team will occupy the same sideline.

For Away Matches:

- When playing away, please check the opposing team's website to see what their club/county restrictions are. Each county has different restrictions, so check and be prepared to follow their specific rules/protocols.

Colorado Soccer Association (CSA) has been gathering information on restrictions from each club and creating a master list. Here's the CSA list [CSA Field Restrictions](#)

For more detailed COVID protocols, see [Skyline Fall COVID-19 Protocols](#).

We recognize that this season will have new challenges and some unpopular restrictions. If we keep in mind that the kids get to play and have fun, these difficulties will be worth it. Thank you for your cooperation and understanding.

Best of Luck and be Safe!!  
Skyline Staff
